## Letter of support

16 September 2010

Dear Sir or Madam,

The National Cluster Association - CZ confirms its commitment to support the implementation Central Europe project Clusters-Cord.

We believe that the project can significantly enhance the capacity and skills of clusters through innovative solutions and the intense collaboration among European partners, and therefore will be of great added value for our region.

We are determined to closely observe the progress of the project and provide feedback and recommendations concerning the major outputs to the partners. Furthermore we are ready to support the dissemination of the project results through our network of contacts.

Yours sincerely,

Name Pavla Bruskova
