Geographical scope of the practice	<i>Select National/Regional/Local Regional</i>	
Location of the practice	Country	<i>Czech Republic</i>
	Region	<i>All Czech regions</i>
	City	<i>All municipalities of the Czech Republic</i>

4. Detailed description	
Short summary of the practice	<i>Helping agricultural entities in the form of illustrative practical demonstrations of comprehensive practices of sustainable farming methods.</i>
Detailed information on the practice	<p><i>[1500 characters] Please provide information on the practice itself. In particular:</i></p> <ul style="list-style-type: none"> - <i>What is the problem addressed and the context which triggered the introduction of the practice?</i> - <i>How does the practice reach its objectives and how it is implemented?</i> - <i>Who are the main stakeholders and beneficiaries of the practice?</i> <p><i>The program of the Ministry of Agriculture of the Czech Republic supports consulting and methodological assistance to agricultural enterprises through sharing experience, transfer of information on the latest knowledge and technologies and their use in precision agriculture, dissemination of information on rural development program measures in practical examples.</i></p> <p><i>The program will focus on soil care, which will support the presentation of practices and technologies to reduce water and wind erosion, excessive soil compaction, practices that contribute to water retention in the landscape or present mitigation and adaptation measures in relation to climate change. These soil-friendly practices will also be demonstrated in the Integrated Plant Protection and Organic Farming systems, with a focus on arable practices.</i></p> <p><i>The aim is to strengthen the system of knowledge transfer in agriculture focused on practical demonstrations and presentation of sustainable land management and protection systems in practice. Support will be given to entities that are bearers of new knowledge, innovation, have innovative and effective solutions in a defined area, whose sowing procedures and technologies meet the standards of good agricultural and environmental condition.</i></p> <p><i>The SZIF (State agricultural intervention fund) after a call will support the activities financially after selecting best projects. Stakeholders and beneficiaries: businesses in agriculture.</i></p>
Resources needed	<p><i>[300 characters] Please specify the amount of funding/financial resources used and/or the human resources required to set up and to run the practice.</i></p> <p><i>Financial resources depends on the number of projects supported (one project maximum 1 000 000,- CZK ,i.e. ca. €41 000,-). The process can implement 3 people for 1 year.</i></p>
Timescale (start/end date)	<i>March 2022 – December 2022</i>
Evidence of success (results achieved)	<p><i>[500 characters] Why is this practice considered as good? Please provide factual evidence that demonstrates its success or failure (e.g. measurable outputs/results).</i></p> <p><i>The practice is considered as good, because it is helpful and directly aimed at ecological agriculture development. There is big interest of businesses, but the results of the practice are not evaluated yet.</i></p>
Challenges encountered (optional)	<i>[300 characters] Please specify any challenges encountered/lessons learned during the implementation of the practice.</i>
Potential for learning or transfer	<i>[1000 characters] Please explain why you consider this practice (or some aspects of this practice) as being potentially interesting for other regions to learn from. This can be done e.g. through information on key success factors for a transfer or on, factors that can</i>

	<p><i>hamper a transfer. Information on transfer(s) that already took place can also be provided (if possible, specify the country, the region – NUTS 2 – and organisation to which the practice was transferred)</i></p> <p><i>[Technical: A good practice be edited throughout a project life time (e.g. to add information on the transfers that have occurred)]</i></p> <p><i>The practice may be potentially interesting for any regions who want to support the development of their ecological agriculture.</i></p>
